

# SPIDoc's Doctoral Network

The next generation of early stage researchers in structural virology

## *Looking for a PhD abroad?*

theory | instrumentation | gas phase structures | light-matter interactions  
MS instrument development | application of structural approaches

*10 PhD positions at 6 locations*

Amsterdam/Almere | Hamburg | Lyon | Prague | Uppsala

*Network of 15 members and partners in 8 countries*

DE | NL | FR | SE | CZ | GR | UK | US

## **Open position in Prague/CZ**

IMIC / Charles University

(Institute of Microbiology, Czech Academy of Sciences)

**Native mass spectrometry with advanced fragmentation schemes for protein structural characterization.**
